

About the Florida Discount Drug Card

The Florida Discount Drug Card is designed to lower the cost of prescriptions for all Florida residents. Requesting a card is easy.

All Florida residents can participate: no age limit, no income requirement, no waiting period, no pre-existing condition restrictions, no membership fees and the card can be activated instantly.

The Florida Discount Drug Card Web site provides an easy to use drug pricing index and pharmacy locator tool, making it even easier to determine savings and find a participating pharmacy.

The Florida Discount Drug Card offers additional savings for Florida residents who are:

Age 60 to 64, without prescription drug coverage, and do not belong to a Medicare Part D plan;

Or, under age 60, without prescription drug coverage and with an annual family income of less than 300% of the federal poverty level.

Qualifying incomes include:

\$32,490 per year for an individual

\$43,710 per year for a family of two

\$66,150 per year for a family of four

Qualifying incomes for families larger than four are available upon request

Participants who qualify for additional savings may download a temporary card directly from the Florida Discount Drug Card Web site and will receive a physical card by mail for a small, one-time \$1.50 activation fee which is only added to the cost of the first prescription. The temporary downloaded card activates within three hours.

Savings also vary depending upon:

Quantity

Type of drug

Brand

Getting a card is simple

Printable cards can be downloaded directly from the Florida Discount Drug Card Web site: www.floridadiscountdrugcard.com. Participants have the option of requesting a physical card mailed directly to a home or office for a small, one-time \$1.50 activation fee which is assessed when purchasing the first prescription.
